Teaching Assistant

Are you passionate about language education? Be part of a team that utilizes science and technology to transform the way students learn a new language or discover your passion for STEAM. There is no better place to make an impact, join U+ today!

About U+ Education:

U+ Education is a global, innovation-driven educational technology business that is committed to the long term success of our students. U+ connects highly qualified teachers from Canada with students throughout the world for interactive English, French, Spanish, Mandarin, Cantonese, Korean, and Japanese immersion learning. In addition to language programs, U+ Education has introduced a STEAM program, which includes coding! With this in mind, we welcome the opportunity to work with talents from across disciplines to grow and develop within U+ community.

About this opportunity:

As the Teaching assistant, you will be contributing to improve U+ curriculum while delivering classes to our lovely students. We are looking for a talented and creative Teaching Assistant who will be responsible for:

- Creating and publishing original, high-quality classroom content.
- Assisting teachers with their students class preparation
- Working in various sectors of the company! Majority of time will be spent on curriculum development, however candidates are expected to take on tasks related to other fields (business development, B2C, curriculum development etc.) to make up for the rest of their hours.

A great candidate for this position will possess the following:

- Excellent verbal communication skills
- Dedicated and passionate about teaching and language education
- Proficient in Excel and PowerPoint as well as other applications from Microsoft Office
- Prior teaching experience is a plus
- A sense of humour and innovation in teaching methods
- Ability to build strong relations with students and gain their interest in language learning
- Bilingual in French

This is a flexible position where you have the option of working in our Markham office, hybrid, or working entirely remotely.
