

Website Developer Assistant

Are you passionate about education? Be part of the team that utilizes science and technology to transform the way students learn a new language or discover your passion for STEAM. There is no better place to make an impact, join U+ today!

About U+ Education:

U+ Education is a global, innovation-driven educational technology business that is committed to the long term success of our students. U+ connects highly qualified teachers from Canada with students throughout the world for interactive English, French, Spanish, Mandarin, Cantonese, Korean, and Japanese immersion learning. In addition to language programs, U+ Education has introduced a STEAM program, which includes coding! With this in mind, we welcome the opportunity to work with talents from across disciplines to grow and develop within U+ community.

About this opportunity:

As the Website Development Assistant, you will be coordinating resources to assemble and edit materials on the website (e.g. events, graphics) in order to create an attractive website and enhance branding.

We are looking for a talented and creative Website Developer who will be responsible for:

- Creating digital solutions to enhance the overall image for U+ via the website and other social media channels.
- Will adapt to new technologies and designs while making the operational process streamlined.
- Working in various sectors of the company! Majority of time will be spent on website development, however candidates are expected to take on tasks related to other fields (business development, teaching, curriculum development etc.) to make up the rest of their hours.

A great candidate for this position will possess the following:

- Able to work in a fast-paced team environment
- Passionate about coding web pages using HTML, CSS, JavaScript and others
- Dedicated and passionate about education and digital solutions
- Working knowledge of Wordpress or Wix
- Ensure the best possible website performance, quality, and responsiveness
- Identify bugs and issues and devise solutions to manage and resolve them

This is a flexible position where you have the option of working in our Markham office, hybrid, or working entirely remotely.
