

Community Service Worker

Full-Time, 8-week, Canada Summer Job Contract Position

Locations: Scarborough, Markham, Richmond Hill, Aurora

About U+ Community:

U+ Community is a global, innovation-driven educational organization dedicated to the long-term success of children and youth. We provide interactive, immersive learning experiences through language programs, STEAM initiatives, coding, public speaking training, and youth development camps. Our work focuses on fostering meaningful learning, personal growth, leadership development, and community impact. As we continue to expand, we collaborate with talented individuals across diverse disciplines to support the development of confident, capable young leaders.

Job Description:

Join the U+ Community Team!

Join our energetic and passionate team of youth-focused educators and be the spark that supports meaningful learning, growth, and community impact. At U+ Community, our culture is built on collaboration, innovation, and a commitment to empowering young people. We strive to create an environment where staff feel supported, valued, and motivated to make a meaningful difference. Our programs serve diverse communities and offer opportunities for youth to explore leadership, public speaking, STEAM, recreation, and personal development.

As a Community Service Worker, you will play a vital role in promoting community development by organizing resources, building partnerships, and leading impactful programs and events. This position centers on fostering engagement, collaboration, and inclusivity to create meaningful opportunities for all community members. You will help cultivate a supportive environment where individuals — especially youth, persons with disabilities, and underrepresented groups — can connect, learn, and grow.

You will facilitate a wide range of community programs, including educational workshops, outreach initiatives, and summer camps delivered both in person and virtually. You will tailor programming to meet the unique needs of diverse groups while promoting accessibility, participation, and alignment with U+ Community's values of equity, respect, and empowerment.

Community outreach is a key component of this role. You will collaborate with local organizations, schools, libraries, and community partners to expand program visibility and strengthen relationships. By engaging directly with community members, you will promote awareness of available resources, encourage participation in events, and help build a strong sense of belonging and connection.

Working collaboratively with colleagues, you will support cross-functional projects such as curriculum design, event planning, and volunteer coordination. You will contribute to program planning and execution, share responsibilities, and present outcomes to stakeholders. Using tools like Slack, Canva, and Google Workspace, you will maintain organized communication, document progress, and support efficient teamwork.

You will also contribute to digital engagement by leveraging social media platforms to highlight community success stories, promote upcoming programs, and strengthen U+ Community's online presence. You will design and distribute digital promotional materials to enhance outreach and increase participation.

Through your dedication, creativity, and community-centered approach, you will help drive meaningful impact and long-term growth within U+ Community.

Requirements and Skills Qualifications:

- Enthusiasm, creativity, and a genuine passion for youth development
- Ability to work weekends and summer program schedules
- Must be 15–30 years old, a Canadian citizen/permanent resident/refugee status, with a valid SIN
- Valid Standard First Aid with CPR-C certification (not reimbursed)
- Clear Vulnerable Sector Check prior to start date (not reimbursed)

Assets (nice-to-have):

- Experience in STEM programming, arts instruction, sports leadership, or outdoor education
- Background in youth mentorship, coaching, or community engagement
- Experience facilitating public speaking, debate, or presentation-based activities
- Knowledge of youth leadership development frameworks or leadership-focused programming
- Knowledge of inclusive practices supporting diversity and accessibility
- Fluency in multiple languages
- Access to a vehicle and a valid Ontario G2/G driver's license
